

Cheapest in Town!

Two lots on north side Lyon avenue, the best location in Exchange addition, price \$3,500. Nothing in the city limits can touch this as a safe investment and at the same time a big speculation. Only for a few days.

We do not need a stenographer just now, but we would like to list a few nice residence lots.

MONEY!

That's what we are all struggling for, but few of us will ever be burdened with a surplus unless we first learn how to save it. We can save you twenty-five per cent. on any blank book you may require.

A large manufacturer makes us a special price on a big order for blank stock, including ledgers, journals, record and cash books. We buy the full line, but they're too many for us to keep. They are now on the market at a low price, which is twenty-five per cent. under the lowest prices charged by others.

DRAWING IN THE CITY SCHOOLS.

Many of the Pupils Developing Considerable Talent.

Freehand drawing was introduced in the public schools the first of January and has proved very satisfactory. Many of the pupils have already displayed considerable talent and the teachers say that the effect of the work in drawing upon the general work of the pupils has been very satisfactory.

The pupils have made more rapid improvement in writing than ever before. Although the pupils have been devoting only a short time each day for three months to drawing, there is almost a mechanical accuracy in drawings of furniture and other objects, and some of them have made drawings of individuals showing the features very distinctly.

Superintendent Derr is well pleased with the result of the experiment.
